

KARUNAKARAN S

Senior Software Engineer

Email: karunakaran.selvam@outlook.com | Phone: +91 95666 22876 | Location: Chennai, India

PROFESSIONAL SUMMARY

Senior Software Engineer with 6+ years of experience building dynamic, user-friendly web applications using React.js, Next.js, Redux, TypeScript, and Node.js. Proven track record delivering scalable, high-performance frontend and backend solutions across product and healthcare domains. Skilled in mentoring developers, leading UI architecture decisions, and working in Agile/Scrum teams. Currently working as a React.js Developer in a Jr. Lead capacity on a healthcare-domain project.

KEY SKILLS

Frontend: React.js, Redux, Next.js, React Native, TypeScript, JavaScript (ES6+), Tailwind CSS, Bootstrap, HTML5, CSS3, JEST, Webpack, Babel

Backend: Python, Node.js, Express.js, PHP (CodeIgniter, Yii2), RESTful API Development

Databases: MySQL, MongoDB, PostgreSQL

Cloud & DevOps: AWS CLI, AWS Lambda, Git, CI/CD

Tools & Methodologies: JIRA, GitHub, Agile, Scrum, VITE, NPM, YARN

Core Competencies: UI Architecture, Performance Optimization, Code Reviews, Mentoring, Cross-functional Collaboration, Sprint Planning

PROFESSIONAL EXPERIENCE

CGI Information Systems and Management Consultants Pvt. Ltd., Chennai | May 2025 – Present

Jr. Lead | Sr. Software Engineer | React.js Developer - Healthcare Domain

Tech Stack: React.js, Next.js, Redux, TypeScript, Node.js, MySQL, JEST, Git, AWS

- Working on a healthcare-domain product as part of the frontend team, reporting directly to one level below the Frontend Lead.
- Progressed to a Jr. Lead level within a short span of joining, reflecting strong technical performance and ownership.
- Consistently received positive performance reviews from leadership and cross-functional stakeholders.
- Applying core React.js, Next.js, Redux, and TypeScript expertise to build and maintain high-performance UI components.
- Collaborating with backend and QA teams to integrate REST APIs and ensure feature quality within a regulated healthcare environment.

Key Achievements:

- Rapidly advanced to a Jr. Lead role while continuing hands-on development contributions.
- Recognized for strong performance and reliability within the first year of the project.

Concert IDC, Chennai | June 2021 – April 2025

Software Engineer | React.js Developer - Healthcare Domain, Logistics & Supply Chain

Tech Stack: React.js, Next.js, Redux, TypeScript, Node.js, MySQL, JEST, Git, AWS

- Led development of high-performance UI components using React.js and Next.js.
- Mentored junior developers, improving team code quality and technical upskilling.
- Collaborated with cross-functional teams to deliver complex projects on time and within scope.
- Integrated REST APIs and optimized rendering logic to improve performance and SEO.
- Managed cloud deployment and version control using AWS CLI and Git.

Key Achievements:

- Successfully delivered multiple production-grade web applications using React.js.
- Improved team delivery efficiency by creating reusable UI patterns and best practices.
- Played a key role in sprint planning and release cycles using Agile methodology.

MEQUALS Technologies, Coimbatore | Feb 2019 – May 2021

Jr. Software Engineer | React.js Developer - E-Commerce & Retail Tech

Tech Stack: React.js, Redux, Node.js, PHP (CodeIgniter), PostgreSQL, JavaScript, jQuery

- Developed responsive frontend interfaces and implemented business logic using React.js.
- Modernized legacy codebases with updated frameworks, improving maintainability.
- Contributed to backend development with Node.js and API integration.
- Participated in troubleshooting, bug fixes, and delivery of client-ready solutions.

Key Achievements:

- Promoted from trainee to full-time developer within a short span.
- Played a major role in modernizing internal projects for improved performance.
